

Punitive duties by Turkey: Loss of \$ 250 million

Research Department

Pakistan Readymade Garments

Manufacturers & Exporters

Association (PRGMEA)

March, 2011

Background:

On January 13, 2011, the Turkish government issued a communiqué stating that its domestic suppliers have filed an application with the Undersecretariat of Foreign Trade stating due to increase in imports of fabrics and garments, domestic production of fabrics and garments has suffered seriously and punitive duties should be imposed on these imports.

As per the communiqué, custom duty will be increased to 28% on imports of woven fabrics positioned under HS Codes 51.11, 51.12, 52.08, 52.09, 52.10, 52.11, 54.07, 54.08, 55.12, 55.13, 55.14, 55.15 and 55.16 from the developing countries.

Also, imports of readymade garments positioned in 61.01, 61.02, 61.03, 61.04, 61.05, 61.06, 61.07, 61.08, 61.09, 61.10, 61.12, 62.01, 62.02, 62.03, 62.04, 62.05, 62.06, 62.07, 62.08 ve 62.11 an increase in customs duty to the tune of 37% for underdevelopment countries was proposed.

In this regarding, hearing of Pakistan's textile exporters was held on March 7 & 8 under the lead of Dr. Mirza Ikhtiar Baig, Advisor to the Prime Minister on Textiles.

On March 27, according to the news reports, Turkey decided to impose protectionist duties on Pakistan's fabrics and garments. As per the decision, import duties on fabrics will go up from 6.4% to 24.5% and for garments, it will increase from 9.6% to 24.4% effective July 24, 2011.

Pakistan & Turkey:

According to trade statistics, Turkey is Pakistan's 8th largest importing partner. During FY 2009-10, Pakistan's total exports to Turkey stood at US\$ 504 million (FY 2008-09, US\$ 403 million), which represents 2.6% of Pakistan's total exports to the world.

Out of total exports to Turkey, Pakistan's textile exports were US\$ 343 million (FY 2009-10) and US\$ 305 million (FY 2008-09). Cotton fabric was the leading sub-category of textile exports to Turkey, which stood at US\$ 238 million and US\$ 202 million during the two fiscal years respectively.

Pakistan's garment exports to Turkey in both knitted and woven categories stood at US\$ 39 million in FY 2009-10 and US\$ 60 million in FY 2008-09.

On the other hand, Turkey has a very vibrant textile industry which exported nearly US\$ 12 billion worth of garments and more than US\$ 7 billion worth of other textile products all over the world in 2009, as per the figures of WTO.

Research Methodology:

The following research report is a study of Pakistan's fabrics and garments exports to Turkey falling under HS Codes 51.11, 51.12, 52.08, 52.09, 52.10, 52.11 (cotton fabrics), 61.01, 61.02, 61.03, 61.04, 61.05, 61.06, 61.07, 61.08, 61.09, 61.10, 61.12, 62.01 (knitted garments), and 62.02, 62.03, 62.04, 62.05, 62.06, 62.07, 62.08 ve 62.11 (woven fabrics).

HS Codes falling under the categories 54.07, 54.08, 55.12, 55.13, 55.14, 55.15 and 55.16 (polyester and man-made fabrics) have not been taken into account.

In this study, last two years' data (FY 2009-10 and FY 2008-09) has been taken into consideration. Total value of exports to Turkey under each 8-digit HS Code has been compared with Pakistan's total exports under the same category. Average unit price (AUP) of Pakistan's exports to Turkey and to the world, has been derived by dividing value of total exports by total number of units exported under each HS Code. AUP's for Turkey and the world, thus derived, have been compared and marked in red wherever the percentage of AUP of exports to Turkey are below AUP of Pakistan's exports to the world.

The objective of this report is to study, 1) quantum of exports under each category which will now be hit by these punitive duties and, 2) to determine under which category exports to Turkey were below average price.

Conclusion:

- Pakistan's exports of fabric and garments to Turkey, worth approximately US\$ 280 million, is now out of bounds.
- Fabric exports, mainly of denim fabric, will be hardest hit. Pakistan's cotton denim exports to Turkey were about 26% of the total denim fabric exports.
- Turkish importers and manufacturers who use imported fabrics as raw materials for exports will also take a hit. Turkish textile wholesalers and retailers will also be affected.
- Pakistan's exports of raw cotton and cotton yarns to Turkey will increase. Turkey's domestic spinning and weaving sectors will seek to purchase additional raw materials for the increased demand.

Woven Garments:
